GAANN Fellowship Opportunity

Next-Generation Science and Practice of Cybersecurity

Are you interseted in pursuing a career in academics?
Do you want first-hand teaching experience?

Multiple GAANN Fellowships are available during the Spring 2019 and Fall 2019 semesters for students interested in pursuing a career in research and academics. The one-year, renewable fellowships provide a unique mentored teaching experience and the opportunity to participate in cutting-edge research in cyber and critical infrastructure security. In addition, GAANN Fellows receive stipends of up to **$34,000/yr**, depending on financial need.

Eligibility

U.S. citizen or permanent U.S. resident

Admitted to the Computer Science doctoral program at UA

Excellent academic record

Demomstrated financial need

Women and underrepresented minority candidates are strongly encouraged to apply.
